

The Word in Wildwood

SUMMER & FALL 2021

Dear Wildwood Residents & WCA Members,

On behalf of your Wildwood Community Association (WCA) Board of Directors, I hope you are enjoying the summer, staying healthy and looking forward to an active fall. It was wonderful to have an actual event to help plan this summer with the Sum Theatre performing an excellent show of *The Other Side of the River*. We had over 200 people come out to enjoy the free event, and some were even able to get a vaccination! Many thanks to the Sum Theatre!

Now school is starting again soon, as are many local programs organized and supported by the WCA. There is something for everyone! Please see our extensive community activity list here in the newsletter, and visit www.ourwildwood.ca for online registration and for more information. Let's get out and participate! Safely! Many thanks to our WCA Board who have continued to actively seek out excellent options to allow for safe in-person activity programming in our community, both for adults and children.

Also, save the date for the **Wildwood Community Association Annual General Meeting – Tuesday, September 14th at 5:00 PM in the hockey rink behind Bishop Pocock School, 227 Avondale Road**. Please plan to come out to join us for the short meeting and some safe treats.

If you have any questions or concerns about living in Wildwood, or wish to attend a WCA Board meeting, please do not hesitate to contact the WCA directly through the Contact Us section on our website.

Sincerely,

Patrick Hauser,

2020-2021 Wildwood Community Association President

Current WCA Board of Directors:

President: **Patrick Hauser**

Vice President: **Tina Marie**

Treasurer: **Erin Mitchell**

Secretary: **Amy Josephson**

Sum Theatre Show, the Other Side of the River, in Wildwood Park, July 20, 2021

Saskatoon Speed Limit Review

In the Wildwood community, this recommendation (if passed on to City Council as-is and then approved) would result in speed limit reductions to 40 km/h for the streets shown in **green** and **grey** in the classifications map below.

This means that 8th St, Taylor St, Acadia Dr., McKercher Dr., and Boychuk Dr. would all **keep the 50 km/h limit** if the current recommendation is adopted. All other Wildwood residential streets would have their limit reduced to 40 km/h. And our two school zones would continue to have their limit further reduced to 30 km/h during posted times.

Saskatoon Churchill-Wildwood

Saskatchewan is now fully open, and I hope you had an amazing summer seeing family, friends, our province, and our Saskatchewan Roughriders. After 16 months of COVID-19 precautions, all public health restrictions have been lifted. This includes mandatory masking and limits on events and gathering sizes. While COVID-19 is still here, most residents are now fully vaccinated, and we have seen a significant reduction in transmission and hospitalization. Our return to more normal activities is encouraging, but COVID-19 still poses a risk to those who aren't fully vaccinated.

While the public health order requiring masking in indoor spaces has come to an end, masking will continue to be an option for all residents who wish to do so. Some businesses may also choose to maintain masking requirements but that is up to them. The removal of public health orders does not mean the pandemic is over. COVID-19 will continue to circulate, particularly among unvaccinated populations, and being fully vaccinated is our best protection. All residents will continue to be offered first and second doses. While there are currently no COVID-19 vaccines approved for children under 12, all residents 12+ are encouraged to be fully vaccinated to afford these groups the best circle of protection possible. Children can contract, transmit, and become ill with COVID-19, though the risk for serious health outcomes is lower than older populations. If you are fully vaccinated, all activities with children will be considered lower risk.

Prekindergarten to Grade 12 schools will return to regular operations for the 2021-22 school year, and licensed childcare facilities can now return to regular pre-pandemic operations. Long-term care homes and personal care homes may allow an unlimited number of visitors and family members for their residents, subject to scheduling limitations.

If you are eligible for either your first or second dose, you can find a vaccination clinic or pharmacy location online at saskatchewan.ca/covid-19-vaccine.

As always, if you have questions, concerns, or feedback about provincial government programs or services, please contact my constituency office.
